Open Sesame

How to Play

1. Shuffle the deck and place the cards between you.
2. Take turns drawing cards. Place yours in your own stash.
3. Add up the numbers in the corners. For every 20 points, you get to make a wish. You also get to make a wish when you get a "Your Wish is My Command Card."
4. Your wish can be anything from unloading the dishwasher to a back massage. You could also make this a bedroom game and make sexy requests. Discuss what kind of wishes you would like to make in advance.
5. After you "spend" a card or complete a challenge card, put them in a discard pile.
6. Play until you run out of cards, or until one of you gets three wishes.
