trash bag & recycle

food, drinks, and ice

Innocent Diversions

Lie back and gaze at the clouds. What shapes do you see?

What is your favorite childhood memory of being outdoors?

Look around. First one to spot an animal of any kind wins!

Take a photo of the two of you kissing.

What is the most beautiful landscape you have ever seen in your entire life?

Rank your top five favorite fruits.

Do you know how to juggle? Try it out with things you find near you.

Take some candid photos of your date.

Lie back and close your eyes. Listen. What sounds do you hear?

What is your favorite summer activity? Have you done it yet this summer?

Take turns feeding each other food. Laugh along or make it romantic.
